**Designed For:** Tri-lam Heat Moldable Diabetic Insert also fitted for additional plantar comfort

### Blue Middle Layer

1/16" (1.588 mm) 15A durometer cellular urethane middle layer for bounce and energy return

### Base Yellow Layer

3/16" (4.763 mm) durable 45A durometer polyurethane base layer for support

### Beige Top Layer

2/16" (3.175 mm) soft 25A durometer heat moldable polyethylene top layer that molds to the plantar surface of the foot

**The 3P Insert are sized to our 4E last. Some trimming may be required for narrower widths. For 6E widths go up one size and trim if needed.**

## Sizing Advice

- Women's 5 - 22 | Men's 7 - 19
- Order your customer's usual shoe size
- These inserts work with all widths of Pedors

**Do I have to heat mold them?** Required for pre-fabricated Medicare diabetic insert reimbursement but optional for non-reimbursement. The inserts will mold to the shape of the customer's foot over a short period of time and will continue to get ever more comfortable
